

1 What is it?

..“the action we take to promote the welfare of children and protect them from harm - is everyone’s responsibility. Everyone who comes into contact with children and families has a role to play.”

Working Together 2018

2 What is it?

Effective safeguarding is about vigilance. Organisations and individuals whose work brings them into contact with children and young people must have an awareness of safeguarding, abuse, neglect and maltreatment.

3 Why is it important?

There have been a number of cases over the years, where children have been seriously harmed or died. When these cases have been reviewed it has been shown that with better safeguarding processes the child may well have been protected.
