

GOVERNORS PROFILE

Name: Linda Davies

Role: Co-Opted Governor

ELECTED as Co-Opted Governor July 2018 -July 2023

Registered interests: Personal interest with staff and governors.

Current Job Role: Previously employed at Liscard Primary but now Education Mental Health Practitioner

My relationship with Liscard Primary began in 2003, as a new parent, four of my five children all attended the school.

In 2011 I began employment as, first a Teaching Assistant and then later also a Playworker in Captains.

In 2013 I graduated with a degree in Education Studies with Special and Inclusive Needs, I am passionate that all children should be supported to achieve the best they can, to believe in themselves and have no limits.

Prior to life as a Teaching Assistant, I was a Registered Psychiatric Nurse for twenty years, and a foster carer for the local authority.

I believe mental health and wellbeing is just as important as physical health.

Since reluctantly leaving Liscard in 2021, I have graduated as an Education Mental Health Practitioner, working in primary schools within the Wirral, for the NHS. A role I feel strongly about. Having the opportunity to support both children, and the school staff. I am a mum to five children, I have a granddaughter, and a dog called Frank.
